

SOT23-3 ADAPTER

Breadboard adapter for SOT23-3 3pin devices:

Our reference: **03581A**

PCB dimensions: 11,8 x 11,1 x 1,5 mm

Accept row 3 pin connectors with 2,54 mm pitch, breadboard compatible.
This adapter is foreseen for up to 3 decoupling capacitors of 0805 type between any legs.
Available a ground connection.
Ground plane works as an heatsink.

The surface of pads in this adapter, is chemical gold plated. Use liquid flux, for easy soldering.

This adapter uses a quality FR4 pcb, with solder mask, to avoid shorts when hand soldered.
All holes are plated through.

The PCB contour is milled with small bridges.
